

D. Dileep Kumar

Python Full Stack

+91 9542774865 | dornaladileepkumar9090909090@gmail.com | Pochampally

SUMMARY

Python Full Stack Developer and AIML student with hands-on experience in Django-based web applications, SQL databases, and AI/NLP projects. Completed multiple real-world projects including e-commerce and AI-powered applications. Seeking a software development internship to apply backend development and problem-solving skills.

TECHNICAL SKILLS

- Programming Languages: Python, Java
- Web Technologies: HTML5, CSS3, JavaScript
- Backend Framework: Django
- Database: SQL (MySQL / SQLite)
- AI / ML: NLP (Basic)
- Tools: Git, GitHub, Regex

LANGUAGES

- English
- Hind
- Telugu

EDUCATION

B.Tech – Computer Science & Engineering (AIML)
HOLY MARY INSTITUTE OF TECHNOLOGY AND SCIENCE
3rd YEAR

PROJECTS

Easy Shop – E-commerce Web Application

- Built a Django-based e-commerce website with user authentication.
- Implemented product listing, shopping cart, and order management.
 - Used SQL database for storing users and product data.

Real-Time AI Translator

- Developed an AI-based text translation system using NLP concepts.
 - Converted user input text into multiple languages in real time.

Smart Text Improver

- Created a Python application to improve and correct text using NLP.
 - Focused on grammar correction and sentence enhancement.

To-Do List Web App

- Designed a task management web application using Django.
 - Implemented CRUD operations and user authentication.

EXPERIENCE

Pinnacle Labs – AI / Python Intern (Part-Time)

Developed AI-based applications using Python and NLP concepts.

Built an auto-correction tool to improve text accuracy and grammar.

Created a real-time translator application for multi-language text conversion.

Worked on text preprocessing and basic NLP techniques

ApexPlanet Software Pvt Ltd – Frontend Developer Intern (Part-Time)

Designed responsive web pages using HTML, CSS, and JavaScript.

Built interactive UI components and improved user experience.

Implemented basic client-side logic using JavaScript.
